Safety Information

1. Do not pull this unit, push it when moving.
2. Use the brakes when this product is not being moved. This prevents the product from rolling.
3. Secure this product properly before moving it with a forklift.
4. Do not tow the product with power equipment.
5. Do not alter this product in any manner. For example, do not weld external lock bars or attach electrical equipment.
6. When locking a cabinet, close the drawers completely in order for the rear lock bars to work properly.

CAUTION: Do not attach or mount this product to a vehicle. This may cause personal injury or product damage. Mounting this product to any vehicle in any manner will void warranty.

CAUTION: Do not stand on this product. You may fall which may cause personal injury.

CAUTION: Be careful when opening more than one drawer. The product may become unstable and tip, which may cause personal injury or product damage.

CAUTION: Keep the product on level surfaces. The product may become unstable and tip if stored or moved on an unlevel surface, which may cause personal injury or product damage.

CAUTION: Lock the drawers before moving this product. The drawers could come open and make the product unstable and tip, which may cause personal or product damage.

Warranty

This product is guaranteed to be free of defects in materials and workmanship for 3 years from the date of purchase. If this product is defective, call 1-888-HD-Husky for repair or replacement parts or return the product to the store from which it was purchased. Guarantee does not include normal wear and tear.

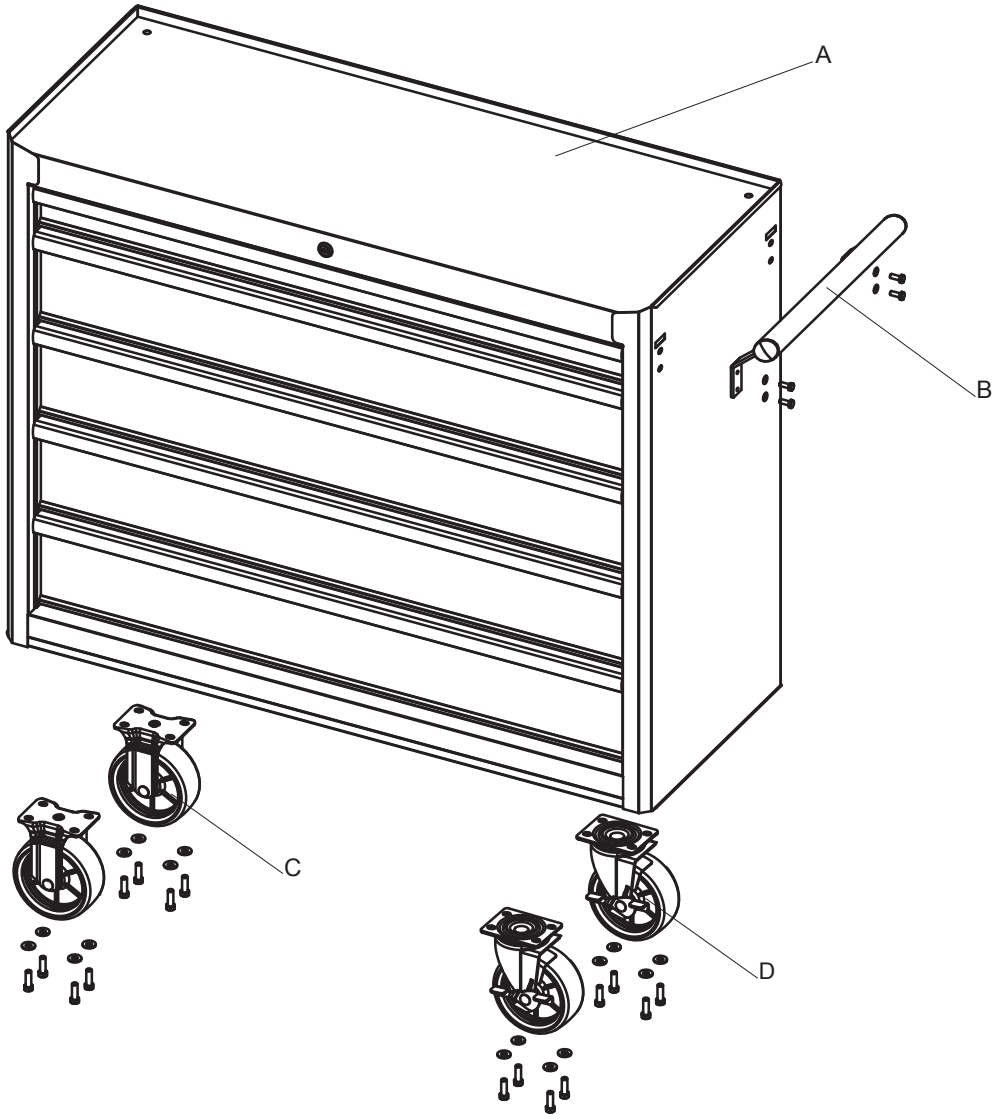
NOTE: The cabinet keys are tied to the hole of right side panel of the cabinet.



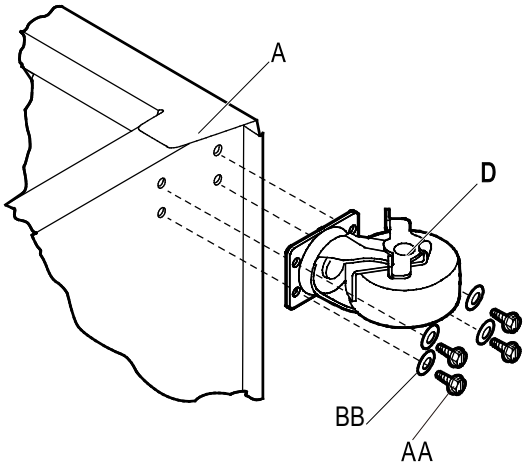
Part	Description	Quantity
A	Cabinet	1
B	Cabinet handle	1
C	Fixed caster	2
D	Swivel caster	2

Assembly

1 Attaching the casters

- □ Be sure the drawers are locked and lay the cabinet (A) on its top. Use packaging material to protect the finish.
- □ Attach the swivel casters (D) to the unit, on the same side as the handle, inserting bolts (AA) through washers (BB),the swivel casters(D) and into the cabinet (A).
- □ Tighten with a wrench.
- □ Repeat this process for the fixed casters (C) on the opposite side of the cabinet (A).
- □ Return the cabinet (A) to its upright position.

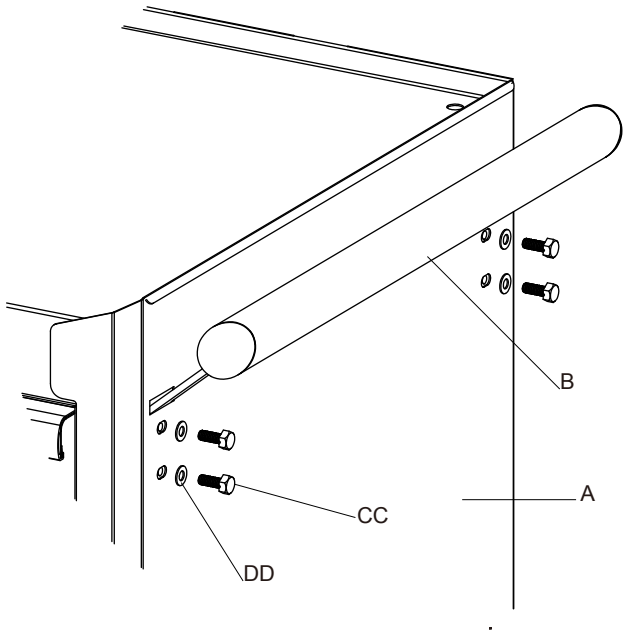
CAUTION: Do not over tighten the bolts.



2 Attaching the cabinet handle

- □ Position the cabinet handle (B) over the holes on the cabinet (A).
- □ Attach with the bolts (CC) and tighten with a screwdriver.

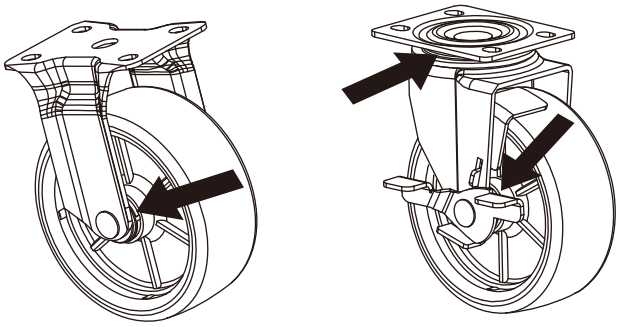
NOTE: The holes in the cabinet are tapped and do not require nuts.



Maintenance

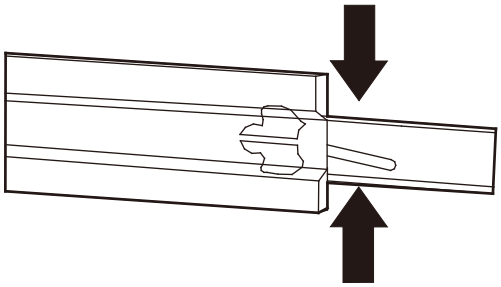
1 Caster maintenance

- □ Grease the casters annually using high-quality bearing grease.



2 Drawer maintenance

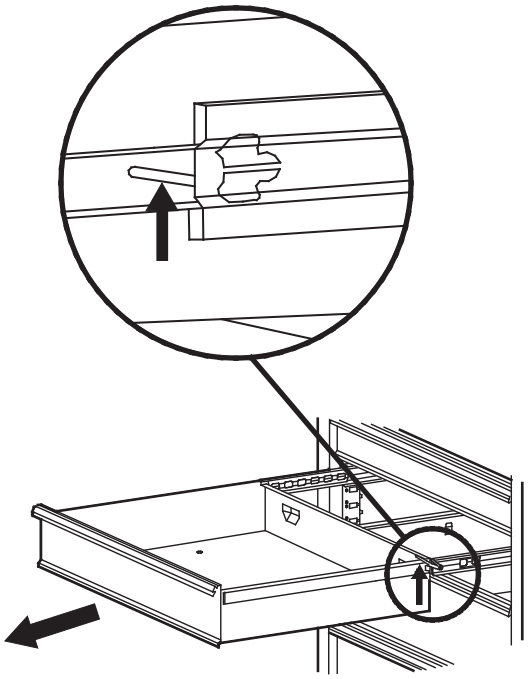
- □ Lubricate the slides semi-annually.



Operation

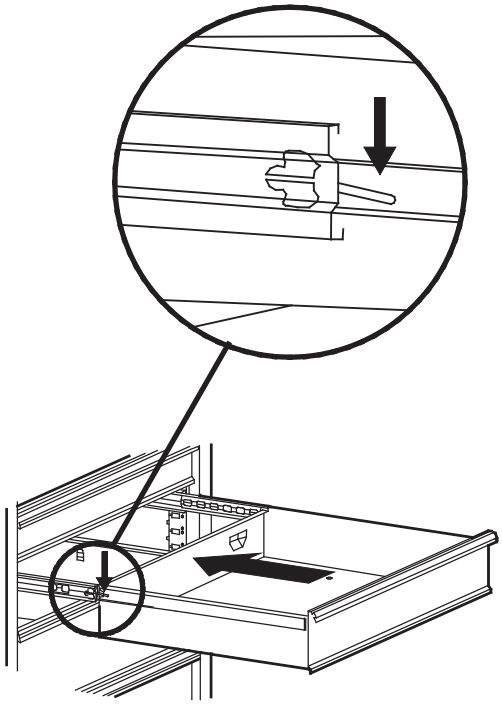
1 Removing the drawers

- □ Fully extend the empty drawer.
- □ Push up the one black release lever while pulling down on the other black release lever.
- □ Pull the drawer outward until it is released from the drawer slide.



2 Re-inserting the drawers

- □ Extend the drawer slides.
- □ Insert the brackets on each side of the drawer into the slots in the slides, being careful that they are properly positioned.
- □ Once properly inserted, completely close the drawer to set the slides in their proper positions.



Care and Cleaning

- □ Periodically clean the drawer fronts, drawer trim, and other surfaces with a mild detergent and water.
- □ Auto wax preserves the storage unit's luster finish and protects against scratches. Apply the wax as you would on a car.
- □ Remove grease and oil with a standard nonflammable cleaning fluid.
